

PRINCIPAL'S MINUTE
OCTOBER 22, 2007

Good morning Cougars,

I want to take time this morning to comment on what was a challenging weekend for our Cougars. On Friday night our varsity football team faced the challenge of playing area-ranked and highly-touted Cypress Ridge High School. Even though we were considerable underdogs, Cougar pride was evident as our team hung tough and made a game of it, leading with almost six minutes remaining in the third quarter. Even though the score ended up not in our favor, those at the game could sense our team's pride as they put forth an outstanding effort. Our defense played the powerful Rams as well as any team this season during the first half of play. Way to hang tough Cougars!

Our girls' volleyball team had the same kind of challenge in taking on the top area-ranked Cy-Fair Bobcats. Even though they were defeated in three games, their pride was evident as they played the Bobcats point for point in the first two matches. Great job, ladies!

Great news on the aquatics front as Cypress Creek High School hosted the water polo Texas state tournament this weekend at the University of Texas in Austin. Both our boys' and girls' teams placed third in the state this year, a very respectable showing. Congratulations to Coach Chandler, Coach Martin, and the team members.

And finally, our outstanding Marching Cougar band represented us with style in the UIL marching band competition held at the Berry Center on Saturday. Our Cougar band received a superior rating, scoring all ones for the second year in a row. The performance was a cut above and the entire audience showed their appreciation. Congratulations to all band members, Mr. Nowell, Mr. Bell, Ms. Holstein, Mr. Haworth and all of our great Cougar band parents who so willingly helped out.

Cougar pride, even with all of the challenges it faced this weekend, was alive and well!
Have a great week!
