

PRINCIPAL'S MINUTE
October 19, 2009

Good morning Cougars,

Welcome back this morning. What do I have to brag about in Cougarland this morning during this Principal's Minute? Plenty!! First of all our number 7 area ranked Cougar football team increased its record to 6-1 by defeating Cy-Fair 50-20 on Saturday night. We had great student body support and the weather was superb!!

The water polo team also competed last weekend at the regional qualifying tournament. Congratulations to the girls for placing 1st and the boys for placing second.

Our cross country teams continued their run through an already outstanding season at the Klein Oak Invitational meet this weekend as well. Congratulations to our girls' varsity and girls' JV teams for capturing two first place finishes. Our boys captured third place competing against a very tough field as well. Great showing!

Our marching Cougar band had a big weekend. Not only did they present an outstanding halftime performance at Saturday's football game, but earlier in the day they traveled to the Berry Center to compete at the UIL Region marching contest and came back with a one, which designates a superior ranking.

And continuing on the performing arts front, our theater department strung together four outstanding performances of their production *Pippin* on Thursday, Friday, Saturday, and Sunday. The final performance will take place tonight at 7:00 p.m. so come out to support a great show. We have also received news that Cypress Creek's theater program has been chosen as the Showcase Production at the Thespian State Convention in Corpus Christi in November. They will be performing *Pippin*. Congratulations on being chosen for this honor.

And finally, as you know, this is Homecoming Week. This week is always a big week at Cy-Creek, and I want to thank Mrs. Haddox and our student council for all of the planning and hard work involved in putting together a spirit filled week of activities, culminating in the homecoming dance at the Berry Center on Saturday night. Cy-Creek is a school steeped in over thirty years of rich tradition. It is always great to have former Cougars (who are still Cougars at heart!) come back to support their alma mater. Friday night at the Berry Center we will be acknowledging several members of the 1980 graduating class, the first group of graduates from Cypress Creek High School. Since the class of 2010 will be our 30th graduating class, this year is an extra special opportunity to, commemorate and honor the 29 outstanding classes of Cypress Creek Cougars who came before them.

We are looking forward to a great, spirit-filled week in Cougarland so catch the homecoming spirit!
