

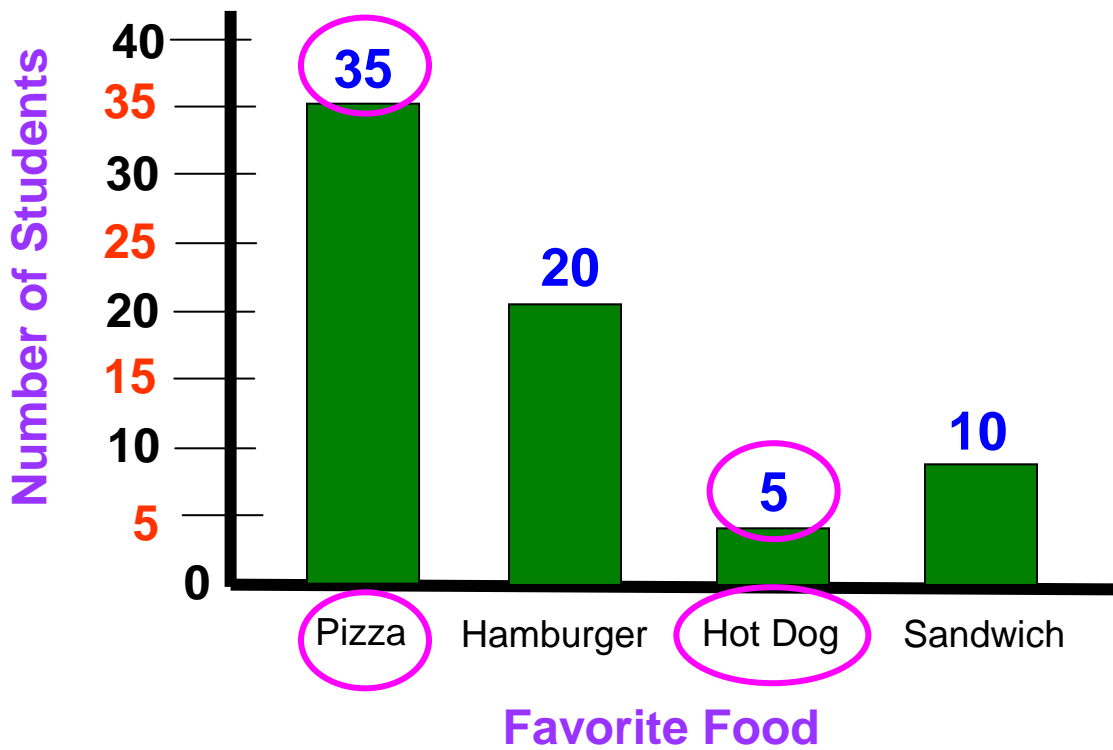

Graphing

Favorite Foods

How many more students like pizza than hotdogs?

$$\begin{array}{r} 35 \\ - 5 \\ \hline 30 \text{ students} \end{array}$$

STEPS:

1. Read the title of the graph and all labels. What is the graph about?
2. See what the graph is counting by and fill in any missing numbers.
3. Label every bar.
4. Read the question carefully and answer it. It may take more than one step or operation to solve.
