

Cypress-Fairbanks Independent School District High School Laptop Project

Insurance Program

As part of the High School Laptop Project offered by the Cypress-Fairbanks Independent School District (CFISD), a student/parent may elect to have use of a laptop computer outside the assigned classroom. This includes use at home and other locations.

If the student and parent elect to take advantage of this opportunity, the CFISD will require that an insurance fee of \$25 be paid prior to taking possession of the laptop. This modest fee will insure the laptop from most risks as specified below and has only a \$50 deductible per incident.
