**Dear future Smith Middle School parents,**

I am looking forward to working with you and know together we can provide the best opportunity for your child's success. Middle school is my passion and I believe it is the most critical time in a child's life. There are many social and emotional challenges the students face at this age. Therefore, my first priority will be to hire teachers and support personnel who are sensitive to this transition from childhood to adolescence. My goal is to create a positive learning environment which is safe, supportive, and respectful of all. With these things in place, we can set high expectations for your children and expect excellence from them.

I want to invite you to a parent meeting so I can share in more detail the plans I have for Smith Middle School.
